Activity _____ **Quarter** _____ **Site**_____

Quarterly/Mid-Quarter Eligibility Report – SA-8

This report will be the measurement of eligibility for BSSD student activities. It does not preclude individual sites from strengthening the guidelines at their site.

Each class must have a grade point average indicated. The cumulative GPA will be listed in right "GPA AVG" column. This report will be generated from Powerschool statistics. The mid-quarter report may involve teacher input as well.

"Adequate Academic Progress" for 6th – 12th graders will be quantified by the student receiving a 2.0 GPA average with no "Fs" (under 1.0) in any class. Elementary students will be quantified by turning in, on-time, 75% of the assigned coursework in the particular class.

The Attendance guideline is an 80% ADA at the end of the quarter.

This report will be completed at the end of each quarter and after the 4th week of each quarter.
