## **Bean's Cafe**

<https://www.beanscafe.org/>

*Letter to Jeff*

*Hello Jeff,*

*Yes, we could use groups of high school kids to help out at Bean's Cafe. Our primary need is for help with kitchen prep (cutting vegetables for salads and soups, make sandwiches, etc.) and some cleaning and organizing tasks (scrubbing serving area, moving supplies, cleaning shelves, etc.). We also occasionally have an opportunity for the group to serve breakfast and lunch (breakfast is served 7:40 AM to 9:00 AM and lunch is served from 11:40 AM to 1:00 PM). We could use approximately eight (8) kids plus two (2) adults for serving of meals, with additional kids and adults taking turns serving and doing kitchen prep. The smaller size groups would be weekends, shifts usually average 2-4 hours, or for cleaning and organizing tasks which could be accomplished in the early afternoons approximately 1:00 PM to 3:00 PM. Hope this helps. Please give me a call on my direct line, (907) 297-5604 and we can discuss possible dates and times. Thanks for thinking of Bean's Cafe.*
